

82-2173/1

25 January 1982

MEMORANDUM FOR:

CIA Federal Women's Program Board

STAT

FROM:

John N. McMahon
Executive Director

SUBJECT:

Guest Speaker for Women's History Week

1. If the gods smile favorably, the Executive Director hopes to be in Florida during the March 8-15 time period. That being an aside, I am sure we can prevail upon the DDCI to introduce the guest speaker and I will seek his concurrence to do so.

2. Your list of potential speakers is an outstanding one and we would indeed be fortunate to get any one of them. While I am more than happy to defer to the will of the women [redacted] I would think our employees would enjoy hearing from a woman who has been successful albeit in a related profession. A speech by a female would have the benefit of the trials and tribulations which the speaker experienced as a woman as opposed to [redacted] who would have to speak from secondhand experience. I would vote equally for Dr. Sharon Lord and Anne Armstrong followed by Representative Heckler and [redacted]
